### Cider Making From Your Garden: alcoholic apple cider, an ...

Step 1: Collecting Your Apples. The first thing is to get some apples. You will need quite a lot of large containers, because you need to collect about 4 to 5 times the volume of apples compared to the volume of juice you want to make into cider. The container shown here is a 5 gallon (22 litre) fermentation bin.

Easy step by step guide to making cider at home. For more information about making cider please visit my website at <http://www.the-gift-of-wine.com>.

### How to make Cider at Home

I am very happy with this book because it walks me through the entire process of making cider from fresh apples. This is hard cider for the adults, not regular, non-alcoholic cider for the kiddies. The book discusses cider making, goes into detail on the items and equipment needed, and then walks you through the entire process.
